

LITEX

Lightweight Economical Transport Cases

The **LITEX** value case offers an economical solution for your transport and storage needs. Our **Light-Duty** cases are built tough for most commercial and consumer applications.

These cases have superior volume-to-weight ratio, making them much lighter than comparable cases made of other materials.

LITEX cases are manufactured from tough, yet lightweight, aluminum alloy. They are stackable, and are available in standard sizes (stackable with competitors' cases).

The **LITEX** value case can be customized with foam lining or inserts, and painted to your color choice.

- Stackable corners (compatible with competitive cases)
- Hinged covers
- Spring-loaded handles
- Profile frame for reliability
- Constructed from aluminum 0.50" (1.27mm) thick
- Ideal for consumer and business use
- Accessories include foam and installation of a 2-wheel removable trolley with handle (available on all cases)
